The diseases of the children have become a burning problem the world over. In the year 1943 The World Health Assembly launched a campaign on Rehabilitation of Child Health. The UNICEF in the year 2002 took an oath: We reaffirm the obligation to promote and protect the rights of each child. Nothing so far has been achieved. But if homoeopaths take the lead much can be achieved. Miasmatic theory of Hahnemann is an eye opener and all health problems of the human race can be solved with homoeopathic medicines.
Hahnemann in aphorism No. 5 said assisting the physician to cure are the fundamental cause of the chronic disease that is miasms. Miasms can be recognized from the foetal life itself. We find that:

- A *Psoric foetus* grows normally in the womb. The Woman puts her hand on the abdomen and feels the pleasure of becoming a mother. No Medicine needed for normally growing foetus.

- A *Sycotic* kicks the mother vigorously. The Woman puts her hand on the abdomen to avoid pain. *Thuja* will calm down the vigorous foetus.

- A *Syphilitic* moves sluggishly. The Woman puts her hand on the abdomen to see if the child is alive or dead. *Secale Cor.* Will encourage the normal growth.
WHEN THE CHILDREN ARE BORN.

The Psoric child will have the normal growth of the hair on the head and body. Sycotic will have curly hair with hairy skin and the syphilitic will have bald head or less hair on the head. As they grow Psoric child has a pyramid shaped face with pointed chin. Sycotic round face and syphilitics oval shaped face.
Child is restless with anxieties and fear of darkness, strangers, imaginary things, animals & go to school etc.

Doesn’t like to talk with strangers.

Restlessness with aversion to work, bathing & To keep things clean.

Lacks discipline.

Excessive hunger for indigestible things.

Eats beyond capacity, causing diarrhoea.
SYCOTIC

- Absent-minded.
- Irritable.
- Restless.
- Cruel, tendency to harm animals.
- Snuffles with pus like scanty discharge in the nose with odor of fish brine.
- Screams while urinating.
- Frequent pain in the abdomen with acidic vomiting & diarrhoea.

Sycotic Child with Round Shaped face & Thick Hair.
SYPHILITIC

- Convulsive.
- Loss of appetite.
- Mind immature.
- Fear of strangers.
- Difficulty in arithmetical calculations.
- Stupid and stubborn.
- Mental power slow; reads a few lines and then read it again to understand the matter. reads but cannot retain.
- Introvert.
- Lack of sense of duty and responsibility.
- Delayed bony developments.
- Hydrocephalic head.
- Ears and head are larger in comparison to the body.
- Teeth erupt while the child is in womb and are irregular.
- Take cold every time.

- Syphilitic Child with Dirty looking, Oval Shaped Face, Large Ears & Disorganized Teeth.
Knowledge of Miasms

- The knowledge of Miasms not only helps us in treating the foetal disorders but also in preventing the birth of mentally and physically handicapped children by treating the would be couple, or before the wife becomes pregnant, with (miasmatic) totality of symptoms. This will make the would be parents healthy & produce healthy children.

- Supposing the Girl is Syphilitic & Boy Sycotic. How can we make them healthy with anti-miasmatic treatment.
Boy - Sycotic

- Secretive.
- Mean.
- Selfish.
- Forgetful, can recall things of the past.
- Warts and moles on the body.
- Nails corrugated.
Girl - Syphilitic

- Fixed notions.
- Does not like to be controlled (self-esteem).
- Slow in action.
- Hair fall in bunches.
- Leucorrhoea acrid and burning in vagina, inability to perform coition.
Similarly if the Boy is Sycotic

Sepia is the indicated remedy indicated for her. When this anti-Sycotic remedy removes all these symptoms she has only health will remains.
At the end I have only one thing to convey that if you practice Homoeopathy in line with the principles, and always taking the help of Miasms you can change the world into paradise.
